

Trilogy Health Services Maintenance Drug List

Effective 4/1/2021

Below is a list of medications listed alphabetically that are considered to be a maintenance medication under your prescription drug benefit. In most cases, if you fill a prescription for any of the drugs listed you may need to have your prescription filled and mailed by Synchrony Pharmacy.

This list may not be complete, however, if a medication is considered to be a maintenance medication then beginning April 1, 2021 you can fill it at Synchrony Pharmacy for less than at a retail pharmacy location. Effective July 1, 2021 Synchrony Pharmacy will be your exclusive provider for all maintenance medications and most specialty medications.

Take action to avoid paying a higher price. If you are currently using one of the medications on this list, please ask your doctor to plan to send a new prescription to Synchrony Pharmacy after April 1, 2021 or have your existing refills transferred from your pharmacy to Synchrony Pharmacy. Some exceptions may exist: Drugs that are considered Schedule II and Drugs that are available from a Limited Distribution Pharmacy will not be filled by Synchrony Pharmacy.
